

AD 1.2 RESCUE AND FIRE FIGHTING SERVICES AND SNOW PLAN

1. Rescue and fire fighting services

Adequate rescue and fire fighting vehicles, equipment and personnel have been provided at all public aerodromes. The levels of rescue and fire fighting are classified by category in accordance with RCAAT No. 14 on Aerodrome Standards. The category for rescue and fire fighting services for each aerodrome is published in AIP – Thailand part AD 2, table AD 2.6 item 1. The aerodrome operator are requires to notify in advance if the aircraft type changes in scheduled traffic. In exceptional circumstances when the aerodrome is unable to maintain the maintain the level of protection for rescue and fire fighting, the temporary category will be published by NOTAM. For weather information is given on the relevant page for each aerodrome.

2. Snow plan

A snow plan is not relevant in Thailand
